## About AHEC Scholars

This program is an opportunity for health profession students, of all disciplines, to participate in **interprofessional education (IPE)** healthcare activities. Program is 1-2 years (depending on discipline), and concludes when the student graduates from their respective health profession program.

For more information: <https://stahec.uthscsa.edu/ahec-scholars>

## Who should apply?

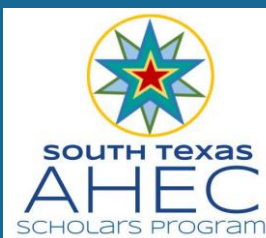

- ✓ Students currently in a health profession course of study (**pre-health profession students not eligible**).
- ✓ Students interested in patient centered team based care and have a desire to learn about challenges that face underserved and rural populations when accessing care.
- ✓ Students from backgrounds underrepresented in the healthcare system are encouraged to apply. Be a part of the solution!

# AHEC SCHOLARS PROGRAM

## WHY SCHOLARS?

- Be apart of a federally recognized program
- Opportunity to engage with communities in 35 counties across South Texas
- Learn about different populations living within South Texas
- Network and train interprofessionally with various health profession students
- Gain knowledge of working with underserved and rural populations
- Learn about community resources that can improve patient care
- Become a leader in helping address health inequities

## WHAT'S INVOLVED?

- Commitment to completing 1 or 2 years of the program (**depending on discipline**)
- 40 hours of didactics (online and in person opportunities) each year of the program
- 40 hours of experiential learning (community based activities, clinical rotations) each year of the program
- Completion of program **MUST** be concurrent with student's graduation from health profession program.

## WHO CAN PARTICIPATE?

- Students currently enrolled in a health profession program
  - Examples of eligible programs: (nursing (all), medicine, dental, PT, OT, PA, SPL, social work, technicians, pharmacy, mental health, CHWs, etc.) (**undergraduate pre-health professions are ineligible**)
- Students underrepresented in healthcare are **STRONGLY** encouraged to apply
- Students willing to take on extra-curricular activities in addition to their academic commitments
